WORKING EXPERIENCE

Graphic and UX/UI Designer 2018 – 2019

Bizmerk, Colombia – Remote, Venezuela

I was in charge of designing material for branding, social media posts, web UIs, marketing-oriented content, ads, templates and other digital assets.

Graphic and UX/UI Designer 2019 – 2020

Megala Projects – San Cristóbal, Venezuela

Worked as a lead designer for both corporative and UX/UI projects, where the main focus was WordPress/Shopify ecommerce sites development.

UX/UI Designer, Web Developer 2020 – 2021

Alex Molina, Freelancer – Remote, Venezuela

Provided web solutions for several clients, ecommerce and promotional websites, using the LAMP stack and CMS tools with a focus on SEO.

UX/UI Designer, Web Developer 2022, 6 Months

Building Up Agency – Remote, Venezuela

Worked as the lead UX/UI designer using Figma, QA assistant, and web developer using WordPress as well as front-end-oriented technologies.

UX/UI Designer, Web Developer 2022, 6 Months

Pagie Portal, Países Bajos – Remote, Venezuela

Created different UIs for the agency and its clients as a lead designer, that also assisted to develop using WordPress and front-end technologies.

Full-Stack Web Developer 2023 – Present

Alex Molina, Freelancer – Remote

I've worked on diverse projects, from static sites to ecommerce; being in charge of most of designs and configuring their production environments.
